HONDO GETS FIRE INSURANCE RATE REDUCTION.

Efforts of Hondo Chamber of Commerce to Secure Lower Insurance Rate Bears Fruit.

MEANS \$1,500 ANNUAL SAVING.

The State Insurance Commission, taking cognizance of Hondo's good fire record, and the compliance with certain specifications of the Commission applying to unincorporated towns, has granted a 15% reduction in insurance rates. It is estimated that this will mean an annual saving of \$1,500 in insurance premiums to the people of Hondo, and is a tangible result for the good of the town achieved by the Hondo Chamber of Commerce.

President Felix Batot of the Hondo Chamber of Commerce is in receipt of the following official circular from the State Insurance Commission:

INSERT NO. 3.

TO
SPECIFIC SCHEDULE
Hondo, Texas

A statement showing that the loss ratio of Hondo, for the years 1923, 1924, and 1925 is .067 has been filed with and has been checked and approved by the State Fire Insurance Commission. Under the provisions for credit for good fire record of cities and towns shown on pages 27 and 28 of the 1922 edition of the Texas General Basis Schedules, this record entitles Hondo to a credit of 15% which local agents are to deduct from the Final Rate on ALL POLICIES WRITTEN ON, OR AFTER, MARCH 1, 1926, TO FEBRUARY 28, 1927, ONLY, and covering property located within the Specific Territory including town of Hondo.

POLICIES TAKING EFFECT PRIOR TO MARCH 1, 1926, ARE NOT AFFECTED OR TO BE DISTURBED, EXCEPT BY CANCELLATION IN STRICT ACCORDANCE WITH THE TERMS AND CONDITIONS OF THE POLICY. THIS CREDIT DOES NOT APPLY TO POLICIES WRITTEN ON OR AFTER MARCH 1, 1927.

This will be good news to the property-holders of Hondo, to many of whom the high insurance rates were so burdensome as to make them all but prohibitive.

In addition to Hondo's good record in the matter of recent fires, her exceptional equipment for fighting fires and the efficient volunteer organization under the direction of its Chief C. J. Bless, other requirements had to be complied with before this rate could be secured.

The town had to be mapped and platted and a certified copy of the map filed with the Insurance Commission. This was done by the Chamber of Commerce, working in co-operation with the local fire insurance agents.

JOHNSON NO. TWO NOW ON PUMP.

Medina Oil Company has completed its Taylor No. 2 at 316 feet and was putting it on the pump Thursday. It looks like a 25-barrel well, according to reports from many sources from those who have seen it. It got the pay 41 feet higher up than in the No. 1 Taylor, which came in for such big production at shallow depth that it was difficult for oil men to believe it could make it.

The No. 2 Taylor is a west offset to the No. 1. Golden West, drilling the No. 1 Odom across the road to the east, but more than one location distance from the No. 1 Taylor seems to have missed the pay and drilled down to below 400 feet and has quit the well temporarily, moving the rig to a location just south and spudded in for a new trial. Al Buchanan north of the Golden West well and down on much lower land being down on the side of the hill is drilling.

The new Hondo field four miles south of the town of Hondo, is expected to put on new interest from this on due to the completion of the second producer and also due to the fact that the 5,000-barrel steel tank built by the Southern Steel Company is now completed and the No. 1 Taylor was put back onto the pump Wednesday afternoon. Other storage was available and the two wells of the Medina Oil Company will now be given a steady and continuous test.

The Golden West's No. 1 Odom, dry at the depth of the discovery well, has thrown a new element into the calculations of the newest

A bond for \$200.00 to provide for a reward for the conviction of any one guilty of arson was required. This bond was executed by the Directors of the Chamber of Commerce each signing it in their individual capacities.

Some other details, such as an official report at stated intervals by the Fire Chief, etc., were also required.

But the big thing is that the rate reduction is an accomplished fact.

shallow field. Until some additional tests have been drilled the matter will be an unsolved problem. The Medina Oil Company getting the pay 41 feet less depth than in the discovery well may indicate a necessity to drill considerably deeper in the Golden West location and indicate a considerable dip in that direction.

K. Reager on survey 177 off to the south and Kittle on survey 89 off to the west are drilling, Kittle being at about 500 feet and Reager

having recently spudded in.

In the Ina field Ina Oil Company has moved to a location 600 feet north of its No. 1 Viola Wilson on the Moses Griffin survey and expected to spud in Friday. Gibson

Oil Corporation has started its No. 4 Viola Wilson one location (300 feet) east of its No. 1, known as the Smith-Donaldson well. Golden West Oil Company is all rigged up

A telegram received Wednesday morning from the editor's oldest living sister, Mrs. J. B. Roper, residing in Memphis, Tennessee, brought the sad news that her husband died at seven o'clock p. m. Tuesday, March 9, 1926. No further details as to the cause of death were contained in the telegram. The deceased was aged somewhere in the 60's and is survived by several children, all grown. The remains were buried Thursday at his old home at Byhalia, Mississippi, near where he was born and spent practically all of his life. Deceased was a man devoted to his wife and children, and will be sadly missed by those he loved so dearly.

Among those who went to San Antonio Wednesday for the funeral of Mrs. J. E. Murphy were Rev. and Mrs. W. C. Brown, Mr. and Mrs. Isaac Wilson, Mrs. Bertha McCall, Mr. Tom McCall, Mr. and Mrs. Jim Fusselman and daughter, Miss Hettie, Mr. and Mrs. Scott, Mr. and Mrs. Marvin Beal, Miss Fannie Carle, Mr. and Mrs. Raymond Bailey, Judge and Mrs. H. E. Haass and Miss Lucille de Montel.

Sorrows, it seems, never come singly. Upon the heels of the telegram, mentioned elsewhere, announcing the death of the editor's brother-in-law in Memphis, Tennessee, comes a letter announcing the death of Mrs. J. B. Parrish, the editor's niece, at her home in Malvern, Arkansas. She died suddenly of apoplexy aged about 50 years. Her body rests in the cemetery at the little town of Trenton near that of her mother who was this editor's eldest sister. We had not seen her in almost twenty-nine years at which time she was a young girl scarcely grown. She is survived by her husband, her aged father and one brother.

Mrs. Noonan was followed by Mrs. Fletcher Davis on "The Grouping of Characters, Naming the Hero, and the Choice and Grouping of Minor Characters in Kate Chopin's Story of Creole Land, 'At the 'Cadian Ball'."

Mrs. Earl Boon then took up "The Means of Characterization, and a Discussion of the Six Means of Character Drawing in 'At the 'Cadian Ball' and by the 'Rod of His Wrath' and the Use of Reaction in 'The Girl at Duke's.'"

Mrs. Alfred Schweers read a well gotten up paper on the Study of Characters as "Types" and "Individuals" in "The Arrival of a True Southern Lady," "At the 'Cadian Ball,'" "By the Rod of His Wrath" and "The Girl at Duke's."

Mrs. H. E. Medlin, substituting for Mrs. John Horger, completed the afternoon's program with her discussion on "Dialogues and Effectiveness in the stories 'Taking the Blue Ribbon' and 'Ben and Judas.'" Mrs. Medlin, being a reader of no mean ability, handled her subject skillfully and carried her audience back to old plantation days by her able interpretations of the negro dialect of the characters in "Ben and Judas" and then transferred them by the use of "backwood" dialect to the illiterate mountain people of Arkansas and Missouri by excerpts from "Taking the Blue Ribbon."

MONKHOUSE-WOOD WEDDING

Saturday afternoon at four a few friends gathered at the home of Mr. C. E. Wood to be present at the marriage of Miss Rose Wood and Mr. Joe Monkhouse of Hondo.

Proceeding the ceremony Miss Odom, the bride and groom entered the room. They were met by E. P. Kennedy, who united this couple in marriage in a very impressive service. Throughout ceremony Miss Odom played "ody in F" on the piano.

The bride wore a beautiful dress of orchid Crepe Roma, and carried a shower bouquet of white carnations and white sweet peas.

After the service angel-food cake and brick ice cream in the colors, pink and white, were served to the guests. On each plate was also the white and pink sweet peas. Carnations and pink sweet peas also used for decoration throughout the house.

A little later in the afternoon Mr. and Mrs. Monkhouse left their car for a short trip to New Orleans. Upon their return they will make their home in Hondo where the groom is engaged in business.

The out-of-town guests for the wedding were Mrs. Minerva Williams, Mrs. Tritt of Laredo, Dr. and Mrs. Smith of Hondo, Mr. and Mrs. Charlie Monkhouse of Hondo, Mr. and Mrs. Ford of Italy, Miss Estelle Wood from Baylor University, of Waco, Uvalde Leader.

The groom is a Hondo boy, having grown to manhood here. He is the senior partner in the Hightower Garage and is a young man of standing worth.

This paper, in common with many friends, congratulates him on his choice of a helpmate and heartily welcomes his fair young bride to the community life of our little town.

MRS. SARAH M. MURPHY DIES

Mrs. Sarah Martin Murphy, 65, 823 Main Avenue, died in a hospital here Sunday afternoon. She leaves her husband, J. E. Murphy, San Antonio; two daughters, Mrs. Jack Fusselman, Hondo, and Mrs. A. A. Wynne of Hollywood, California; three sisters, Mrs. Ada Monland, Lindale; Mrs. Ella Hersman, Red Oak, Iowa, and Mrs. Addie Quick, Peoria, Illinois; brother, E. Mercereau, Waco. The funeral will be held Wednesday afternoon with Rev. W. C. Brown of Hondo officiating.

The foregoing from Tuesday Express brought sadness to many Hondo readers for Mr. and Mrs. Murphy formerly resided here, where Mr. Murphy formerly owned extensive landed interests, and they were universally esteemed by all.

For the past several years they made their home in Douglas, Arizona, but several months ago returned to Hondo and later moved to San Antonio to reside.

Interment was made in San Antonio.

This paper joins in sympathy to those who mourn.

TO INDIAN CLAIMANTS.

COMMITTEE ON WAYS AND MEANS.
HOUSE OF REPRESENTATIVES
WASHINGTON, D. C.
February 25, 1926.

Fletcher Davis, Hondo, Texas.

I heard that the Mixed Claims Commission had what they called an unlocated claimant list, and I asked for a copy. They sent it to me yesterday. They advise me unless heirs of the original petitioners named therein can be located, it will be impossible for the committee to prosecute the claims.

I am sending you a list as I receive quite a few Medina County names, and there may be more. I thought it might be possible for you to publish this list, so that heirs, there be any in Medina County, might learn of the claims and write Hon. Henry W. Anderson, Agt. of the U. S. Mixed Claims Commission, U. S. & Mexico, Washington, D. C., for information and suggestion.

If it is possible to get in communication with the heirs of the original petitioners, it might be that ultimately, they may receive some benefit from the claims.

Thanking you, I am
Very cordially your friend,
JOHN N. GARNER.

AGENCY OF THE UNITED STATES, GENERAL & SPECIAL CLAIMS COMMISSIONS UNITED STATES & MEXICO.

WASHINGTON, D. C.
February 24, 1926.

Honorable John N. Garner, House of Representatives, Washington.

The Agency has the honor to acknowledge receipt of your letter February 20, 1926; and in pursuance of your request to be furnished with a list of unlocated claimants, relative to petitions presented in 1872 and 1873 to the United States Commissioners to Texas, is enclosed to you herewith a list.

Unless heirs of the original petitioners named therein can be located, it will be impossible for the committee to prosecute these claims, they will be lost. It is, therefore, hoped that you will be able to locate the finding of the heirs of original claimants herein.

Very sincerely yours,
HENRY W. ANDERSON,
Agent of the United States.

Women, Why Suffer?

Fort Worth, Texas.—"A relative of mine received wonderful benefit by taking Dr. Pierce's Favorite Prescription. Her health was very poor for a long time, she suffered almost constantly with aches and pains peculiar to women, and never found a remedy to help her until she learned of Dr. Pierce's Favorite Prescription.

She started taking it, gained about fifteen pounds in weight and got well. I took two bottles not long ago and it helped me wonderfully."—Mrs. Laura Key, 120 E. 12th St. All dealers.

Write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice. Send 10c if you wish a trial pkg. of the Tablets.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of gripe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

"COLD IN THE HEAD" is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition. HALL'S CATARRH MEDICINE is a Treatment consisting of an Ointment, to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds." Sold by druggists for over 40 Years. P. J. Cheney & Co., Toledo, O.

In all communities where the number of telephones installed is so great as to make an overhead system of wires impossible underground wires are used, and so fine has the manufacture of wire and cable become that there are as many as 22,000 wires in each of the larger cables. The overhead wires of the long-distance lines are gradually being replaced by cable, the Chicago-New York cable being opened in 1925.

TELEPHONE.

Stevenson, District the Southwestern Bell Co., was here Wednesday Pass on business for his review with Mr. Stevenson with the following information regarding the invention.

1876, there were two telephone instruments, by 1919 there were 211,503. There are 1,300,000 telephones in the United States, or one for every 10 people. With but 6.35 per cent of the world's population the United States has 63 per cent of the world's telephones. An army of men is necessary for the operation of the telephone system.

Merit— and merit alone!

LITTLE has been said in print about the Woodstock—but much has been said by thousands of enthusiastic operators.

It's mainly this background of good will—earned by good performance—that is responsible for its success.

Users will tell you the Woodstock is a most exceptional typewriter—a composite of all improvements conducive to effortless writing—plus a rare beauty of type and sturdiness of construction that stamps this machine as a thing apart.

PARENT-TEACHER ASSOCIATION.

The Parent-Teacher Association met Monday afternoon at the school building.

After the Creed and report of committee, it was voted to clear the school grounds of weeds.

Superintendent Brewster, supplemented by Miss Lena Brown, gave a congratulatory report of the State Superintendent's recent visit and comments on our school.

A count for the banner resulted in it going to the Fourth Grade.

Mrs. F. A. Cochrill then played "Hunting of Spring" as a piano number, followed by Miss Velma King in a character reading, "The Inland." Mrs. Roland Garber, accompanied by Mrs. W. E. Smith, sang "Remember" as a closing musical number.

Mrs. Will Wimmer, assisted by the following hostesses, Mesdames Henry McCrean, Glin Lutz, Gen. Kinney, Ernest Leinweber, E. W. Lutz, Alvin Mendenhall and Emmitt Cameron, all adorned in vivid green and white aprons, served a timely and refreshing St. Patrick's plate of chicken sandwiches cut in shamrock, angel-food cake and in green, and spiced tea, with plate favors and napkins suggestive of the Emerald Isle and March 17th.

PHILADELPHIA CLASS.

The Philadelphia Class met in their first social session in several weeks, on Tuesday afternoon at the home of Mrs. A. E. Fly, Mrs. Harper Fly and Mrs. F. A. Cochrill filling the places of President and Secretary in the absence of these officers.

After the business session, Rev. Esell conducted the 17th and 18th chapters of the lesson. The class has been occupied in a review and examination of the first half of the book and are now completing the course.

At the conclusion of the study, Mrs. Fly assisted by Misses Willie D. and Marietta Fly, set small tables before the fireplace and served fruit salad, sandwiches, olives, cake and spiced tea to the following: Mesdames Esell, Jesse Newton, W. E. McClaugherty, F. A. Cochrill, John Harper, Harper Fly, Miss Bertha Newton and Rev. Esell.

The class will meet at 2:30 Tuesday, the 12th of March, with Mrs. Walter McClaugherty for the study of the 19th and 20th chapters.

TO THE PUBLIC.

Having undertaken to care for and beautify the school grounds, the Parent-Teacher Association finds it a difficult task as long as people drive across the grounds. It is, therefore, respectfully urged that the public cease from driving over the grounds and keep on the street when having occasion to drive in that vicinity. Comply with this request and help maintain the attractiveness of our children's play-ground.

A TONIC.

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c.

No Worms in a Healthy Child.

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC, given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. No per bottle.

Says Taylor Well No. 2 is a wonder, and production in Jungman oil well, near Phoenix and Norman siding, can be doubled which would mean 30 barrels a day. The Christies well can be worked over and be made a good producer.

ALL WOMEN OUTFIT.

It Was Mr. Wank Who Tells His Experience.

Have you tried all the time worn out night and day? Does your back ache as if it would break? Do you suffer from dizziness, headache, rheumatic twinges or distressing urinary disorders? Don't have good cause, then, to be concerned about your kidneys. Do as many of your townsmen recommend. Use Dean's Pills—a stimulant diuretic to the kidneys. This Hondo case is convincing.

W. A. Wank says: "My back was sore and my kidneys acted irregularly. I felt tired, worn out and had no ambition to do anything. I had a bad pain in my kidneys day and night. I heard of Dean's Pills and tried them. Dean's cured my back and I have had no trouble with my kidneys since."

New Way to End Dangerous Cough

The most stubborn cough is relieved with the first dose, and is very often broken up entirely in 24 hours by a new method based on the famous Dr. King's New Discovery for Coughs.

Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and benis soreness and irritation, but also loosens and removes the phlegm and congestion which are the direct cause of the coughing. So with the cause removed, the severest cough usually disappears quickly.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. As all good druggists. Ask for

CHAMBER OF COMMERCE MEETS.

There was a regular meeting of the Hondo Chamber of Commerce at the room last Tuesday afternoon.

Chairman Bator reported the reduction of 15 per cent in Hondo's fire insurance rate, as petitioned for to the State Fire Insurance Commission, secured.

A committee, composed of E. A. Carter, W. K. Barthoff and Felix Bator, was appointed to attend a meeting in Del Rio of delegates of other towns along the southern route of the Old Spanish Trail for the purpose of working out an effective plan for the co-operative advertising of the route as an attraction for the tourist travel.

Other routine matters were transacted and the meeting adjourned.

News Taken from the Daily Papers

A headline in the paper says "In their war China won't fight on any days." They don't mind getting shot, but they won't get wet.

Imagine a sign as you start to enter China: "RAIN, NO WAR TODAY." If that was the custom in this country, we could prevent all wars by announcing that all the fighting must be done in Portland, Oregon.

Another paper asks "Where does a Florida Real Estate man go in the summer?" He goes to California to his all-the-year-round home.

A newspaper asks "Why does a President of a company always talk at the company's banquets?" It's an incentive to the workers, who say, "If that's all he knows I may be President some day."

Another paper suggests, "The cheapest way to enforce Prohibition is to have everyone that drinks watched." Who is going to do the watching?

An article in a Business Man's magazine inquires, "What business in this country has the largest turnover?" Cucumbers for supper have the largest turnover, with Fords a close second.

The Congressional Record speaking editorially, says, "Bull Durham is the best Tobacco that ever entered these Statelike Halls."
